

Interdisciplinary Graduate Program in
Molecular & Cellular Biology

Fall 2013 Workshop & Seminar Series

**"GB virus C: insights into cellular tropism
and transmission in humans"**

Ernest Chivero

**Molecular & Cellular Biology Graduate Student
Stapleton Lab**

**"Oncomorphic TP53 mutations in advanced
serous ovarian cancers"**

Pavla Brachova

**Molecular & Cellular Biology Graduate Student
Leslie Lab**

**Thursday, Nov. 14
4:00-5:00 p.m., 1289 CBRB**
